State Mandated Attendance Policy:

Illinois Senate Bill 1840 (Public Act 85-1418) effective June 1, 1989, mandates that students must attend school for 300 minutes. (This time cannot include lunch.) Students must attend 300 minutes or more to receive credit for a full day of attendance. Students attending more than 150 minutes, but less than 300 minutes receive ½ day of attendance. Students attending less than 150 minutes are recorded as zero attendance for the day.

CPS and State guidelines mandate that a student receives 1/2 day of attendance each day that

he/she cuts a class. These absences are counted as truant days and they become part of the student's Permanent School Record. This information is sent to colleges and scholarships whenever a transcript is requested.

Parents can help increase attendance/state aid by scheduling' appointments, etc. for their children during non-school hours. In addition, parents should talk to their youngsters about the importance of attending all of their classes.
